Nursery open 9 a.m. to 5 p.m. Monday to Friday or by appointment

Nursery location: 400 metres along Mangakahia Rd.on RHS, Maungatapere, Northland (see website for map)

Species	pot size		price ea. 500+	50+	5+	price ea.
Ackama rosaefolia	makamaka	makamaka	Northland native			
Soft foliated attractive shrub or small tree of forest edges or roadsides, unique to Northland.						
Pink undersides to leaves, masses of cream flowers in spring, superb in cultivation. tolerates hard clay.						
Tolerates too wet or too dry, gets to 4 m in 10 years if grown in open, forms a tree if sheltered.						
PB 3 (1.8 litre)						\$9.75
Ajuga reptans	blue carpet bugle					
fleshy groundcover, very attractive bright blue-purple flowers						
very hardy, does best in part shade, tolerates full sun or full shade						
likes a moist spot, tolerates dry if shaded from afternoon summer sun						
PB 1.5 (900 ml)						\$4.75
Alectryon excelsus	Titoki	Titoki	Northland native			
Graceful medium sized specimen tree, popular garden or street tree,eyecatching exquisite fruit						
shiny black seed surrounded by bright red flesh attracts many birds, hardy, non invasive root system						
Easy to grow in almost all situations						
1 litre pot				\$6.25	\$6.75	\$7.50
19cm (3.3 l) round					\$21.00	\$22.50
PB 3 (1.8 litre)					\$8.00	\$9.00
PB 5 (2.8 litre)				\$9.25	\$9.75	\$10.00
17 litre easylift bag					\$33.30	\$37.00
Apodasmia similis	oioi	jointed rush, leptocarpus	Northland native			
distinct jointed rushes, grey blue leaves shine orange in sun, stems slightly zigzagging, 60cm-1m tall						
good coastal wind protection, tolerates fresh and salt water, sand dunes, cliffs, well suited to long lasting thatching						
drought hardy,tolerates flooding for short periods, good in containers, plant 600 mm to 900mm apart						
5.5 cm advanced				\$3.65	\$3.75	\$4.00
half litre pot					\$6.25	\$6.75
Aristotelia serrata	Makomako	Wineberry	Northland native			
Pioneering shrub or small tree with reddish purple leaves and bark.						
Prolific currant like berries for birds, fast growing and bushy.						
Likes cleared scrublands and forest margins.						
1 litre pot					\$7.00	\$7.50

Species	pot size	price ea. 500+	50+	5+	price ea.
Arthropodium cirratum	<i>Rengarenga</i>	<i>Rengarenga Lily</i>	Northland native		
Clumping low growing lily, abundance of white flowers Nov & Dec.					
Hardy, very good in dry conditions, under trees and in poor soil, likes full sun or shade.					
Does esp. well under totaras, also very suitable for pots, main pest is slugs/snails, also frost tender.					
	9 cm sq.tube(1/2 ltr)			\$4.85	\$5.75
Astelia banksii	<i>Wharawhara</i>	<i>Coastal Silver Astelia</i>	Northland native		
Flax-like silvery bush, .6 - 1m high, stunning form and color					
Drought and wind tolerant, tough in a hard situation, dislikes frost.					
very suitable for container growing or coastal situations, plant at 750mm spacing					
	1 litre pot				\$10.50
Bambusa "Alphonse Karr"	<i>hedging bamboo</i>				
ornamental clumping bamboo 4 to 6 m tall, culms to 20mm diameter, ideal for dense hedge or feature specimen					
Striking golden culms initially blush reddish pink, shed their sheaths revealing a fresh yellow with green stripes					
Hardy to minus 9 degrees C, the ultimate shelter and windbreak, forms dense clump and does not spread					
	PB 28 (15 litre)			\$50.00	\$57.50
Bambusa "Golden Goddess"					
A dwarf clumping bamboo rarely exceeds 4m, very dense small canes to 10mm, branching to ground level.					
Excellent container plant or screen, can be hedgetrimmed to any shape. Good for privacy					
Hardy and quick to get to full size, needs water in summer if in container. Canes turn golden in sun					
	30 cm hard pot			\$34.00	\$37.50
Bambusa albostrata	<i>cream stripe bamboo</i>				
Tight upright clumping bamboo 6 to 8m tall, green stems with white strips,v. attractive					
tidy and good single specimen or ornamental screen					
cold hardy easy to grow					
	17 litre easylift bag			\$65.00	\$75.00
Bambusa multiplex	<i>Hedging Bamboo</i>				
Dense hedging bamboo, foliage screen, trimmable, shade or full sun.					
Small hedging bamboo to 6m, non-invasive (ie. clumping), culms 20mm diameter turn golden in full sun.					
Hedge, shelter hardy to minus 11°c (some say minus 15), takes well to occasional trim.					
	PB 28 (15 litre)			\$47.25	\$54.00
Bambusa oldhamii					
Farm shelterbelt bamboo, common around Kerikeri. Gets to 17m eventually.					
Very good wind break, privacy screen, edible shoots, clumping (does not spread).					
Easy to grow, likes lots of fertiliser and irrigation, new shoots in autumn.					
	PB 3 (1.8 litre)		\$22.00	\$24.00	\$27.00
Bambusa tulda					
Clumping bamboo 12m to 15m tall, culm diameter up to 8cm					
Very thick walled culms almost solid at base					
Extremely strong timber, used for reinforcing rods, one of the most useful bamboos					
	Easilift 25 litre				\$75.00
Bambusa tuldoides	<i>Punting Pole Bamboo</i>				
A clumping bamboo, height 6-8m, dia 50mm.					
Thick walled culms have a long lentgh between internodes, fast grower, frost resistant.					
Suit hedge or shelter, ideal for reinforcing rods or large fishing poles.					
	Easilift 25 litre				\$92.50

Species	pot size		price ea. 500+	50+	5+	price ea.
Bambusa ventricosa "Kimmei"	<i>Golden Buddhas Belly</i>					
Clumping bamboo grows to 10m, stems 50 to 75mm						
Can form swollen internodes under drought stress e.g. in a pot but doesn't seem to if planted in a good soil						
Hardy to -6 degrees C						
17 litre easylift bag						\$90.00
Beilschmiedia taraire	<i>Taraire</i>	<i>Taraire</i>	Northland native			
Large leaved forest tree, widespread in northern NZ, handsome specimen, grows to 15m +.						
Large fleshy berry, a favourite pigeon food, interesting easily worked wood.						
Likes a sheltered situation when young.						
9cm tall (900ml)						\$4.28 \$4.75
Camellia 'Jennifer Susan'	Soft warm pink semi-double to peony flowers, with wavy petals and dark green glossy foliage					
15cm (1.5 l) round						\$9.00
Carex buchananii	<i>red sedge</i>					
reddish brown tufted upright grass, 50-60 cm tall,						
good in a pot, excellent in garden, colour & stiff upright habit associates well with architecture						
hardy plant that can tolerate exposure and poor soils, plant at 0.5m spacings						
5.5 cm advanced				\$2.50	\$2.75	\$3.00
Carex dipsacea	<i>bright green native sedge</i>				Northland native	
Forest green grass, densely tufted arching dark green leaves with silvery hue, 40 to 50 cm high when mature						
Great blended with contrasting colours, increasingly popular in landscaping edges and traffic islands						
tolerates damp sites but also very drought hardy, shade or full sun, will suit most situations						
7 cm sq. tube					\$2.85	\$3.00
Carex secta	<i>Purei, Pukio</i>	<i>Wetland Grass Tree</i>	Northland native			
graceful grass, 1 m high, forms a trunk eventually, hardy to wet or dry, ex. for feeding waterfowl.						
Superb on edge of pond, tolerates flooding, good plant for poorly drained ground.						
The most handsome green grass for any location., plant at 750 to 900mm apart, tolerates dry shade						
40 cell tray				\$1.87	\$1.94	\$2.00 \$2.50
5cm sq.tube				\$2.00	\$2.25	\$2.50
Carex tenuiculmis	<i>select bronze grass</i>					
very hardy shiny bronze reddish form of native grass, good bird food						
likes moisture, damp sites, strong grower, effective en masse						
endangered in wild						
7 cm sq. tube				\$2.35	\$2.50	\$3.00
Carex virgata	<i>Wetland Grass</i>				Northland native	
Green, densely tufted wetland sedge, similar to secta but without a trunk						
Tolerates poor drainage and also dry conditions, attracts birds with food and nesting sites.						
750mm high, flowing graceful leaves, plant 750mm to 900mm apart, good on soakge field						
40 cell tray				\$1.87	\$1.90	\$2.00
Cedrus deodara	<i>deodar cedar</i>					
Fast-growing tree that has one main trunk that grows straight						
England, it grows to approximately 30 m, and on the continent no higher than 20 m.						
In the Himalayas, its natural habitat,						
PB 8 (4.5 litre)					\$22.00	\$24.00

Species	pot size	price ea. 500+	50+	5+	price ea.
Coprosma "Taiko"					
Tight dense foliated ground cover forms a mat. Hardy, tough, compact Chatham Island form. Popular groundcover.					
	8cm round		\$3.50	\$3.75	\$4.00
Coprosma acerosa "Hawera" <i>tarakupenga</i> <i>groundcover</i>					
shrub, prostrate or sprawling, covers ground like a dense smooth carpet drought hardy groundcover, tiny flowers are followed by pale fruit which mature during early autumn. tough plant that tolerates very hard conditions, can mound up on itself to 1 metre high					
	7 cm sq. tube				\$4.00
Coprosma grandifolia <i>Kanono, Manono</i> <i>Large Leaf Coprosma</i> Northland native					
Large leafed red berryed shrub for part shade or understory. Excellent for birds, tolerates shade. Very hardy and drought tolerant.					
	7 cm sq. tube				\$4.00
Coprosma kirkii <i>Coprosma Groundcover</i> Northland native					
Dense, squat shrub, glossy bright green leaves, vigorous grower. Useful groundcover for erosion control, clay banks and open borders, or fill ins between garden shrubs. Sprawls over banks or rock walls, fast grower, attracts birds, mounds up on itself to 1m high eventual.					
	8cm round		\$3.75	\$3.85	\$4.00
Coprosma neglecta "Bowling Gre"					
Small tight rounded low bush, light-mid green leaves on thick spreading maze of divaricating branches. Ideal ground cover on banks & other dry areas. gets to 1m tall max, very hardy and drought tolerant, handles poor or dry soil					
	15cm (1.5 l) round				\$9.75
	17 cm (2.5 l) pot			\$11.50	\$12.75
Coprosma prostrata <i>groundcover coprosma</i>					
Densely matted low bush. Drought hardy, low maintenance, tough reliable grower sprawls over hard clay banks or rock walls					
	half litre pot		\$3.85	\$4.00	\$4.50
Coprosma robusta <i>Karamu</i> Northland native					
Hardy pioneering bush for birds. Prolific orange/red berries over many months, good for hedge and shelter. Easy to establish very hardy to salt winds and exposure, fast growing reveg plant.					
	7 cm sq. tube	\$2.52	\$2.65	\$2.85	\$3.00
Coprosma 'Yvonne'					
Hardy, evergreen native. May be trimmed to maintain shape. Mature height 1.5m x width 1.5m					
	1 litre pot			\$4.50	\$4.75

Species	pot size		price ea. 500+	50+	5+	price ea.
Cordyline australis	<i>Ti kouka, Tii</i>	<i>Cabbage Tree</i>	Northland native			
Sword-like leaves, textured trunk, often painted by artists as an icon of NZ's uniqueness.						
Magnificent flowers have a splendid scent, berries great for birds, grows fast, 1m per year.						
Thrives on lots of fertiliser, extremely hardy, tolerates extremes of wet or dry, good potplant.						
	5cm sq.tube			\$2.25	\$2.50	\$3.00
	7 cm sq. tube			\$2.65	\$2.85	\$3.00
	9 cm sq.tube(1/2 ltr)			\$4.50	\$4.00	\$4.25
	15cm (1.5 l) round				\$8.75	\$9.25
	PB 12 (6.5 litre)					\$19.75
	20 cm pot					\$15.00
Cordyline banksii	<i>ti ngahere</i>	<i>ti ngahere, mountain cabb</i>	Northland native			
broad arching leaves longer and larger than ordinary cabbages						
dainty flower heads are very fragrant						
suits shady understory untill established						
	7 cm sq. tube				\$3.75	\$4.25
Corokia "Emerald and Jade"						
Compact bushy corokia with medium sized bright green leaves						
very good cultivar for low hedge, easy maintenance						
gets to 2 m tall if unpruned, naturally bushy but responds well to trimming, likes good drainage						
	7 cm sq. tube				\$3.25	\$4.00
	1 litre pot			\$6.50	\$6.75	\$7.25
Corokia "Frosted Chocolate"						
	7 cm sq. tube					\$4.00
Corokia "Geenty's Green"	<i>Korokio</i>					
Bright green dense bush that grows to 2.5m eventually. Great for hedging, topiary, easy to trim.						
Stays small and bushy, berries attract birds, very fresh green foliage, tidy.						
The best Corokia.						
	7 cm sq. tube			\$3.00	\$3.50	\$4.00
	14 cm round			\$6.75	\$7.00	\$7.50
Corokia macrocarpa	<i>hokataka</i>	<i>Chatham Island corokia</i>				
Chatham Islands Corokia, gets to 4 metres high eventually, round bushy shrub						
vigorous rounded bush, hardy, biggest of all Corokia, yellow berries tough coastal shelter.						
grow as hedge or low shelter						
	1 litre pot				\$6.00	\$6.50
	1 litre pot					\$6.75
Cortaderia toetoe	<i>toetoe</i>	<i>toetoe</i>	Northland native			
Inland coastal grass to 2m						
Attractive flowing golden plumes in spring/ early summer						
Hedge, coastal shelter, erosion control, dry clay banks, very hardy.						
	7 cm sq. tube					\$4.00
Cyperus ustulatus	<i>upokotangata</i>	<i>giant umbrella sedge</i>	Northland native			
Large strong growing sedge with conspicuous dark seed heads, pioneer in wet areas.						
Favored nesting cover for brown teal, fast growing grass for bird food						
Prefers damp ground but will grow anywhere, ideal for pond edges and drains.						
	40 cell tray		\$2.45	\$1.87	\$2.25	\$2.50

Species	pot size		price ea. 500+	50+	5+	price ea.
Dacrycarpus dacrydioides	<i>kahikatea</i>	<i>White pine</i>	Northland native			
NZ's tallest native tree up to 60m, dark juvenile foliage turns blue-green with a handsome cypress like form						
Great quantities of edible red berries make this one of the most important and reliable bird trees						
Can grow right on the waters edge and even in water, but will also grow on drier sites.						
	63 cell forestry ss			\$3.50	\$3.75	\$4.00
	7 cm sq. tube			\$2.65	\$2.75	\$3.00
	7cm advanced		\$3.33	\$3.50	\$3.75	\$4.00
Dendrocalamnus latifolia	<i>giant bamboo</i>					
Clumping bamboo that gets to over 150mm diameter and 20 metres tall, largest leaf of any bamboo in NZ						
clump gets to 10 m diameter in 15 years, not spreading, very hardy, fast growing, magnificent specimen						
easy to grow, attains maximum size with ample moisture and fertiliser						
	17 litre easylift bag					\$135.00
Dodonaea viscosa	<i>akeake</i>		Northland native			
Attractive shrub to 3m suits dry sites only and does not appreciate fertiliser						
Fast growing, very tough heavy wood suits pate (cosh), tools.						
Hedge, particularly hardyin open situation, satisfactory against the rigors of motorways.						
	7cm sideslot			\$2.90	\$3.25	\$4.00
Entelea arborescens	<i>whau</i>	<i>NZ cork wood</i>	Northland native			
Very fast growing big leafed small tree which exhibits great luxuriance						
Fastest growing native, good on coast, shades out kikuyu, has prolific white flowers						
Outstanding garden shrub, tolerant of drought and wind. Reaches 4 to 6 m						
	10cm green (900ml)			\$5.75	\$6.00	\$6.75
Ficus 'Tuffi'	<i>Ficus tuffy</i>					
Fast growing hedge plant, with bright emerald green foliage, that darkens with age. Tuffi can be clipped into any shape						
	18 cm pot			\$12.50	\$12.75	\$13.00
Fuchsia excorticata	<i>kotukutuku</i>	<i>NZ tree fuschia</i>	Northland native			
NZ's own representative of the beautiful fuschia genus, forms a tree with reddish brown papery bark						
Extraordinary flowers have blue pollen, tasty berries for humans and birds, very fast growing						
Requires moisture to establish well but is able to tolerate drought by going deciduous						
	1 litre pot					\$6.00
Gardenia augusta 'Professor Pucc						
Evergreen shrub that produces exquisite, intensely fragrant, double, white blooms from spring through autumn						
	15cm (1.5 l) round				\$8.25	\$9.50
Geniostoma ligustrifolium	<i>hangehange</i>	<i>hangehange</i>	Northland native			
bushy shrub, up to 4m, pleasant pale green fresh shiny leaves						
good contrast in landscaping, has the ability to screen dry awkward areas						
useful under trees where few others will grow, good food for rare placostylus snails						
	7 cm sq. tube					\$2.75
Griselinia littoralis "Ardmore Em						
	10cm green (900ml)			\$6.75	\$7.00	\$7.50
	17 cm (2.5 l) pot				\$10.00	\$11.50

Species	pot size		price ea. 500+	50+	5+	price ea.	
Griselinia littoralis "Broadway Mi papaumu	'broadway mint'		Northland native				
Glossy leafed handsome bush with thick shining lush green leaves with equally attractive trunk and branches							
A most accommodating garden subject, stands any amount of pruning, good for birds, durable timber							
Particularly tolerant of persistent winds, dense and leafy hedge plant							
half litre pot					\$7.00	\$7.50	
Griselinia lucida	akapuka	shining broad leaf	Northland native				
thick leathery handsome glossy big-leafed small tree or shrub, often epiphytic in forest canopy							
extremely drought hardy, popular pot plant one of the most impressive of our native foliage trees							
easy to grow in any situation, gets big eventually. wind and salt resistant							
PB 12 (6.5 litre)					\$17.75	\$18.50	
Gunnera prorepens							
fleshy groundcover, lies flat, found in moist places							
very attractive upright clusters of red berries							
prefers wetlands and moist soil							
8cm round					\$4.00	\$4.25	\$4.50
Hebe "Wiri Grace"							
low growing bushy shrub to 1.2 m max, long pointed leaves							
Masses of long lilac purple flowers in summer and autumn							
can tolerate extreme exposure, prefers full sun							
17 cm (2.5 l) pot						\$9.50	
Hebe stricta	koromiko	hebe stricta	Northland native				
Flowering bushy shrub long leaves, pale mauve flowers, numerous forms							
Good landscaping bush, can be trimmed to shape, reaches 2 - 4m eventually.							
Hardy in most situations, wet or dry, best on poor soils out in full sun and wind							
7 cm sq. tube					\$2.90	\$3.00	\$3.25
Hebe townsonii							
Bushy shrub with narrow leaves. Likes full sun. White flowers							
Great for low shelter or hedge, can be kept to 1 m but will get to 2 m if untrimmed							
Natural distribution Mt Messenger, Taranaki, and near Westport.							
13cm round						\$7.00	
Hibiscus coelestis	Coelestis Rose Of Sharon						
Single flowers that are violet with a rose base. Typically grows to 2.5 m tall and 2 m wide							
15cm (1.5 l) round					\$7.25	\$8.00	
Hoheria populnea	houhere	lacebark	Northland native				
one of our best known and widely grown hardy beautiful flowering trees							
smothered in white flowers in late summer to autumn worth a place in any garden, pigeons eat leaves							
rapid growth as shelter plant, will grow anywhere but prefers good drainage, tolerates hard pruning							
7cm sideslot					\$2.75	\$3.25	\$4.00
Howea forsteriana	Kentia, Thatch palm						
Supremely elegant luscious looking palm that suits indoor or pot cultivation							
can take low light (as house plant), or full sun if hardened gradually, from Lord Howe Island							
suits indoors, pot, or outdoors; always popular as specimen due to hardiness in exposed situations							
PB 12 (6.5 litre)					\$23.50	\$26.50	

Species	pot size	price ea. 500+	50+	5+	price ea.
Hydrangea Blaumeise	<i>Lacecap Hydrangea</i>				
Large flat flower heads made up of deep cobalt blue florets that surround the tiny central flowers that are in turn a deeper					
	15cm (1.5 l) round		\$7.25		\$7.50
Juncus pallidus	<i>wi</i>				
2m tall giant rush. Excellent around ponds and waterways					
	rootpruner 256/ tray		\$0.75	\$0.85	\$1.00
Knightia excelsa	<i>rewarewa</i>	<i>NZ honeysuckle</i>	Northland native		
Tall tapering distinctive tree from the Protea family, very upright serrated almost woody leaves, Bright blood red flowers in Oct - Nov, superb figured heartwood, admirable as a specimen tree Tolerates clay soils and very dry harsh conditions, also coastal fertile soil too.					
	PB 3 (1.8 litre)				\$9.75
Kunzea linearis	<i>kanuka</i>	<i>ti-tree</i>			
Narrow leaved kanuka of Northland and North Auckland, very bushy fine leaves Grows on the coast of Northland often in dune country but also on hard dry ground very nice coastal hedge plant, distinctively feathery appearance					
	5cm sq.tube		\$1.65	\$1.75	\$2.00
Kunzea species	<i>kanuka</i>	<i>white tea-tree</i>			
Shrub growing into small tree, common throughout nz, very hardy Kanuka is a very variable genus composed of 10 species, at least 3 in Northland These plants are selected as being suitable to the particular requirements of each planting site					
	100 cell forestry tray		\$1.87	\$2.00	\$2.50
	4cm tube		\$1.40	\$1.50	\$1.60
	5cm sq.tube	\$1.33	\$1.40	\$1.50	\$1.75
Laurelia novae-zelandiae	<i>pukatea</i>	<i>NZ Bay tree</i>	Northland native		
Handsome aromatic tree with shiny black twigs and branches, bright green thick leaves with fresh pleasing appearance Attractive specimen, grows in swamps, capable of growing large Tolerates very poor drainage and flooding for long periods, does not like drying out					
	1 litre pot		\$7.00	\$7.25	\$7.50
	PB 3 (1.8 litre)				\$15.00
	PB 28 (15 litre)				\$36.40
Leptinella pusilla	<i>soft purple mat</i>				
perennial matting groundcover, fern-like appearance grows well in full sun or shade, makes soft flat mat best with contrasting light colored plants, hardy					
	8cm round		\$3.50	\$3.75	\$4.00
Leptospermum scoparium colour	<i>manuka</i>	<i>coloured manuka</i>			
mixture of coloured flowering manuka, from light pink to red attactive garden or hedge shrub, tends to have more purple foliage than normal tea tree hedge, shelter, doesn't get as big as normal white tea tree					
	63 cell forestry ss		\$2.00	\$2.25	\$2.50

Species	pot size		price ea. 500+	50+	5+	price ea.
Leptospermum spp.	<i>manuka</i>	<i>tea-tree</i>	Northland native			
Very hardy shrub with sharply pointed aromatic leaves, profuse white to pink flowers. Shelter, used in revegetation as pioneer, floral display, first rate medicinal honey and oil, superb firewood. Adaptable to wide changes of environment, tolerate wet, dry, hot or cold wind or salt spray						
	63 cell forestry ss		\$1.79	\$1.83	\$1.87	\$2.00
Liquidambar styraciflua	<i>liquid amber</i>					
popular deciduous specimen that gets quite large eventually one of the few trees in Northland to go really red during autumn likes a deep fertile soil but is quite hardy						
	19cm (3.3 l) round				\$20.00	\$22.00
Lomandra Lime Tuff	<i>Green lomandra</i>					
Forms a tidy, compact mound and bears cream flowers in the spring						
	half litre pot			\$5.00	\$5.25	\$5.75
Machaerina sinclairii	<i>pepepe, tuhara</i>	<i>pepepe</i>	Northland native			
very handsome bright green flat iris like shining leaves, large leafy clumping plant, 30cm-1.5m graceful & distinctive, attractive in garden, red brown flower heads persistently last for months sun or light shade, effective as a single plant or when several are grouped beside water						
	7 cm sq. tube				\$4.00	\$4.50
Meryta sinclairii	<i>puka</i>	<i>puka</i>	Northland native			
Rounded small tree, huge glossy vibrant leaves, black berries are good bird food Admirable in groups or as a single tree especially if planted in a gully and looked down on Will stand wind suprisingly well and makes good coastal shelter, drought hardy						
	13cm round			\$9.25	\$9.50	\$9.75
	17 cm (2.5 l) pot				\$10.80	\$12.00
	19cm (3.3 l) round				\$18.75	\$19.75
Myoporum laetum	<i>ngaio</i>	<i>ngaio</i>	Northland native			
Bright green tree with stout spreading branches to 3 metres on exposed site, much larger inland, fast growing, hardy Superb fast growing coastal shelter, wind resistant, responds well to trimming, produces lots of berries for birds Coastal shelter, very tough.						
	7 cm sq. tube			\$2.65	\$2.75	\$3.00
Myrsine aquilonia	<i>Poor Knights myrsine</i>		Northland native			
Striking appearance, stiffly weeping, low bushy divaricating shrub, heart shaped leaf, usually coastal Drought hardy, good pioneer on hard coastal steep clay bank, salt spray tolerant Very hardy, ideal specimen plant, suit hard sites, Excellent for a clipped hedge.						
	7 cm sq. tube					\$4.00
Olearia albida	<i>tanguru</i>	<i>coastal tree daisy</i>	Northland native			
Shrub up to 5m high, with leathery leaves greyish green above and white below Flowers borne in large panicles appear from Jan-May, very tough hedge particular useful in dry places						
	PB 3 (1.8 litre)				\$9.50	\$9.85
Olearia paniculata	<i>akiraho</i>	<i>akiraho</i>				
shrub to 6m pale yellow-green leaves with white tomentum on the undersides, suits hedging tolerant to exposed sites, drought hardy will not tolerate wet feet which will sometimes cause colape of the plant						
	1 litre pot				\$6.25	\$7.00

Species	pot size		price ea. 500+	50+	5+	price ea.
Pectinopitys ferruginea	<i>miro</i>	<i>miro</i>	Northland native			
Fine tall round headed forest tree, slow growing, gracefull drooping habit, wood hard & durable, good pigeon food, makes a fine specimen tree suits a well sheltered site						
PB 3 (1.8 litre)						\$12.75
PB 12 (6.5 litre)						\$25.00
Phormium cookianum	<i>Wharariki</i>	<i>Mountain Flax</i>	Northland native			
Hardy flax to 1m, fresh green foliage, seed pods pendulous and twisted. Landscaping, tolerates extremes, suitable for small gardens, steep clay banks. Excellent food for tuis, yellow flowers earlier than tenax. Plant at 800 to 900mm apart						
5cm sq.tube			\$2.15	\$2.25		\$2.50
Phormium cookianum purpurea						
0						
5cm sq.tube						\$3.50
Phormium tenax	<i>Harakeke</i>	<i>Flax</i>	Northland native			
Olive-green clumps of leaves, common NZ plant, diverse landsaping uses, grows to 2m+. Extremely hardy to wet or dry, attracts tuis, good for weaving and medicine. This is the biggest most vigorous variety, grows nearly anywhere including pure sand.						
5cm sq.tube			\$2.25	\$2.50	\$2.65	\$2.75
7 cm sq. tube				\$2.75	\$2.85	\$3.00
Phormium tenax purpurea		<i>Purple Flax</i>	Northland native			
Bold flax 1-1.2m high, dark purple foliage, seedlings selected for vigour and colour. Contrast in landscaping especially if used en masse, attracts tuis. A medium size flax, tolerates wet or dry, full sun or shade, plant at 900mm apart.						
7 cm sq. tube				\$2.90	\$3.25	\$4.00
Piper excelsum subsp.excelsum	<i>kawakawa</i>	<i>kawakawa - pepper tree</i>	Northland native			
Small densely branched aromatic shrub, large heart shaped leaves and blackish stems Fruit, bark & leaves all have medicinal properties, the very best kereru fruit tree (Jan-March) Prefers semi shade or forest margin,, suits pots or tubs, an asset to any garden						
half litre pot					\$4.65	\$4.85
Pittosporum crassifolium	<i>karo</i>	<i>karo</i>	Northland native			
Coastal shrub with erect habit of growth and thick leathery leaves, to 4m Wind hardy, drought hardy, heavily scented purple flowers very good pitto for exposed coastal conditions, makes a good hedge						
PB 5 (2.8 litre)					\$9.50	\$9.75
Pittosporum eugenioides	<i>tarata</i>	<i>lemonwood</i>	Northland native			
Hardy and fast NZ pitto, yellow-green leaves, dense foliage Excellent hedging or shelter plant, lemon-like smell, small purple heavily scented flowers The most vigorous pitto, likes good drainage						
1 litre pot			\$4.75	\$5.00		\$5.50
PB 2 (1.2 litre)				\$8.50		\$9.00
Pittosporum tenuifolium	<i>kohuhu</i>	<i>kohuhu</i>	Northland native			
Small green leaves, rounded shrub, reliable specimen, grows into tree unless trimmed. NZ's most popular hedging & shelter tree, very hardy, flowers smell nice. Easy to grow, loves a hard prune						
PB 2 (1.2 litre)					\$9.25	\$9.75

Species	pot size		price ea. 500+	50+	5+	price ea.
Plagianthus regius subsp.regius	<i>manatu</i>	<i>ribbonwood</i>	Northland native			
Very upright lowland and river flat tree, semi-deciduous, fast growing						
Delicately divided leaves, superb garden specimen, glorious dainty form & spring growth color						
Does best on a fertile lowland site, but hardy on poor clay too., good street tree.						
24 cell forestry ss			\$2.75	\$3.25	\$4.00	
Pomaderris kumeraho	<i>kumerahou</i>	<i>golden tainui</i>	Northland native			
round shrub with golden yellow flowers						
excellent medicinal plant, aromatic leaves & flowers						
good on clay soils, water sparingly, sometimes short lived						
13cm round				\$7.25	\$8.00	
Pseudopanax arboreus	<i>puahou</i>	<i>forest 5 finger</i>	Northland native			
Small much-branched round-headed shrub with glossy palmate leaves						
Common NZ native, sweet scented flowers in June followed by plentiful berries which attract birds.						
Suits hard clay open sites no problem, grows under pine and gum competition.						
7 cm sq. tube			\$2.65	\$2.75	\$3.00	
Pseudopanax crassifolium	<i>horoeka</i>	<i>lancewood</i>	Northland native			
Gnarled trunked tree, interesting multi stage growth forms, creates dramatic architectural impact						
Prehistoric juvenile long leaves followed by stunning teen-aged toothed form and finally stubby adult foliage						
Wind hardy. Best in free draining location, berries are important bird food. 6m tall after 10 years						
PB 2 (1.2 litre)			\$9.65	\$10.00	\$12.00	
PB 5 (2.8 litre)				\$11.25	\$12.50	
Ravaenea rivularis	<i>majestic palm</i>					
Very impressive good looking palm which develops nice barrel of a trunk						
fast growing in good spot						
likes a warm sunny fertile spot with good drainage						
Easilift 80 litre					\$200.00	
Rhododendron vireya Red Mount						
likes a warm frost free situation, will grow in shade under other trees						
likes a warm frost free situation, will grow in shade under other trees						
15cm (1.5 l) round					\$9.50	
Rhododendron vireya 'Tropical G						
Produces trusses of bright orange flowers with a yellow throat through spring						
15cm (1.5 l) round				\$8.25	\$9.50	
Rhopalostylis cheesemanii	<i>Kermadec Island Nikau</i>					
Rare palm from Kermadec Islands, feather-like fronds bright green and fairly upright.						
Similar to NZ nikau, but more open crown, wider leaves and faster growing if in warm sheltered location.						
Best in semishady, damp conditions, can handle full sun & some wind but dislikes frost or cold position.						
PB 5 (2.8 litre)			\$17.00	\$18.00	\$20.00	
PB 12 (6.5 litre)			\$19.00	\$20.00	\$22.50	
17 litre easylift bag					\$57.50	

Species	pot size		price ea. 500+	50+	5+	price ea.
Rhopalostylis oceania	<i>nikau - Chatham Island</i>					
Very graceful looking palm, bluish glaucous hairs on leaf base, arching leaves quite broad for a nikau						
Hardy, can tolerate light frost, salt wind, full sun and exposure better than any other palm						
Fast growing, the hardiest native palm.						
	17 litre easylift bag					\$58.50
	Easilift 35 litre				\$85.00	\$95.00
	Easilift 60 litre					\$175.00
Rhopalostylis sapida	<i>nikau</i>	<i>feather duster palm</i>	Northland native			
Bright green palm, ringed trunk with enormous bowl of leaf sheaths, Icon of lush forest						
vigorous local strains, very hardy once established, abundant flowers & bunches of red berries						
Very hardy, fertiliser and water makes them grow, quite rapid growing once trunk begins to form						
	1 litre pot			\$6.75	\$7.25	\$8.00
	PB 12 (6.5 litre)					\$22.00
	Easilift 25 litre					\$65.00
	Easilift 35 litre			\$90.00	\$85.00	\$90.00
Rhopalostylis sapida "Barrier Isla	<i>Little or Great Barrier nikau</i>					
Robust thick trunked upright form of nikau, faster growing than normal mainland form						
Very hardy on coast, quick to establish, big bulbous leaf base if grown in open						
Likes moisture and fertility and shelter, but can tolerate an open site.						
	5cm sq.tube		\$4.25	\$4.50	\$5.00	\$6.00
Schefflera digitata	<i>pate</i>	<i>seven finger</i>	Northland native			
Fast growing pioneer of forest margins, large toothed leaves are very ornamental						
Subtropical look, berries attract lots of birds						
Prefers an edge type position with a bit of shelter						
	7 cm sq. tube			\$3.25	\$3.50	\$4.00
Sophora chathamica						
kowhai from Chatham Islands						
very attractive and hardy species						
	PB 3 (1.8 litre)				\$9.00	\$9.75
Sophora spp.	<i>Kowhai</i>	<i>Kowhai</i>				
	17 cm (2.5 l) pot					\$14.50
	PB 12 (6.5 litre)					\$16.75
Streblus banksii						
	9 cm sq.tube(1/2 ltr)					\$6.00
	PB 3 (1.8 litre)					\$9.75

Species	pot size		price ea. 500+	50+	5+	price ea.
Vitex lucens	<i>Puriri</i>	<i>Puriri</i>			Northland native	
Spreading deep green shade tree with pink-purple flowers.						
Fast growing large tree, red fruit in abundance are good for pigeons, durable timber species.						
Best in light shelter, likes fertiliser and water but tough, dislikes frost when young.						
		PB 3 (1.8 litre)			\$9.50	\$9.75
		PB 12 (6.5 litre)			\$24.75	\$27.50
		Easilift 25 litre			\$60.00	\$62.50
		Easilift 80 litre				\$200.00
